

Our Statement of Commitment

A message from Wannon Water

Wannon Water is proud to join the Financial Inclusion Action Plan (FIAP) program, which has important links to our corporate vision of *beyond water for strong communities.*

As a regional urban water corporation, we are proud of our strong business foundations, providing secure, safe and affordable water and sewerage services that are highly valued by our customers.

In the past 12 months we have focussed beyond these core responsibilities to strategically partner with other organisations and consider the wellbeing and prosperity of our region as a whole.

As a provider of an essential public service, Wannon Water has always had an implicit social role. We recognise that financial stress and exclusion has many root causes and its impact can be profound. It places people and families at risk of poverty, vulnerability to predatory lending practices and poor social, emotional and health outcomes.

In 2015/16, we financially supported more than 500 customers and provided allowances and rebates of more than

\$172,000 through programs such as our customer hardship program, flexible payment plans and financial assistance incentives.

Our commitment to the FIAP program as a Trailblazer organisation is the next step in shaping new initiatives to support those who are disadvantaged and vulnerable. Our aim is to help them to transition to a more stable, safe and financially secure status.

We are excited at the prospect of working with Good Shepherd Microfinance and the FIAP Partnership Group to develop a Financial Inclusion Action Plan, creating positive impacts for our employees, our customers, our suppliers and, by extension, our communities across south-west Victoria.
